LOGBOOK

Date:	04-08-2026	
Tuesday	1. What did I complete since the last standup?	• Presented the completed frontend prototype to the lecturer. • Demonstrated the main screens and explained the application flow. • Received feedback from the lecturer that the prototype was satisfactory. • The lecturer advised the group to improve the colour choices and add a logo to make the application look more professional.
	2. What am I planning to complete between now and the next standup?	• Improve the colours used in the application based on the lecturer's feedback. • Add a suitable logo to the application. • Continue working on the application as a group. • Prepare the project for the next presentation.
	3. What are my impediments (or risks or problems)?	• Time management

Date:	05-08-2026	
Wednesday	1. What did I complete since the last standup?	• Presented the updated frontend to the lecturer. • Demonstrated the changes made to the application. • Received confirmation from the lecturer that the frontend was now satisfactory. • The lecturer requested that we start working on the system architecture. • We were also instructed to work on the business model for the project.
	2. What am I planning to complete between now and the next standup?	• Start developing the system architecture. • Begin working on the business model. • Continue refining the project based on the lecturer's feedback.
	3. What are my impediments (or risks or problems)?	• Managing the development work, architecture, and business model within the available time.

Date:	06-08-2026

Thursday	1. What did I complete since the last standup?	• Continued working on the system architecture. • Worked on the business case for the project. • Presented the business case to the lecturer. • Received approval from the lecturer on the business case. • Received feedback to focus on refining and improving the business case. • The lecturer informed us that another lecturer would be coming to teach us how to publish our project using GitHub Pages.
	2. What am I planning to complete between now and the next standup?	• Continue refining the business case. • Continue working on the system architecture. • Prepare the project for publishing on GitHub Pages. • Make any necessary improvements based on the lecturer's feedback.
	3. What are my impediments (or risks or problems)?	• Time management. • Balancing the business case, architecture, and technical development work.

Date:	07-08-2026	
Friday	1. What did I complete since the last standup?	• Continued working on the business case. • Refined and improved sections of the business case based on the lecturer's feedback. • Continued working on the system architecture. • Worked on making sure the architecture matches the requirements of the application.
	2. What am I planning to complete between now and the next standup?	• Continue refining and completing the business case. • Finalise the system architecture. • Continue working on the application and prepare for the next stage of development. • Prepare the project for publishing on GitHub Pages when required.
	3. What are my impediments (or risks or problems)?	• Time management. • Ensuring that the business case and system architecture are completed and refined within the project schedule.
